

MAP & DIRECTIONS

From M2

Head towards Belfast, leaving the M2 motorway when you see the exit signs for the M1 Motorway. This will guide you to a dual carriageway called the West Link, which is essentially a Belfast By-Pass. Travel along the West Link for 2 miles until you arrive at a large roundabout, which leads onto the M1 Motorway. Take the first Exit off the M1 (About 1 mile from the start of the motorway) and take the second left off the slip road. You will now be travelling along Stockmans Way. Drive along the lane for about 700 yards until you see three cream painted modern office buildings with blue window frames. Our offices are located on the first floor of the fifth office building. Parking for our clients is available on ground level and will be clearly marked with Press Eye signage.

From M2

Take the Stockmans Lane Exit off the M1 (About 1 mile from the end of the motorway) and take the fourth left off the roundabout. You will now be travelling along Stockmans Way. Drive along the lane for about 700 yards until you see six cream painted modern office buildings with blue window frames. Our offices are located on the first floor of the fifth office building. Parking for our clients is available on ground level and will be clearly marked with Press Eye signage.
